CONCUSSION HEALTH SUMMIT

Together, We set The Gold Standard in Concussion Education & Management

Our Summit is a collaborative initiative that presents the success factors critical to a comprehensive concussion program from baseline to time of injury to post-injury exam and throughout the recovery process, utilizing baseline testing as an injury prevention program. This includes identification of pre-existing symptoms and past medical history risk factors, as well as cognitive, balance, vestibular and vision testing.

Our well renowned speakers discuss how to utilize this information for performance enhancement, concussion reduction and post-data comparison if a concussion or even an orthopedic injury should occur.

Our Vision

Provide education, tools and marketing resources to develop, implement and/or complement a comprehensive concussion program with the goals of improving health and performance outcomes & guiding a customized recovery program.

An Invitation to the Summit

We invite you to participate in the Concussion Health Summit to be held on Friday, July 28th & Saturday, July 29th, 2017 in Columbus, OH at Hyatt Regency. Our Summit is a collaborative initiative that presents the success factors critical to a comprehensive concussion program from baseline to time of injury to post-injury exam and throughout the recovery process, utilizing baseline testing as an injury prevention program, including identification of pre-existing symptoms and past medical history risk factors as well as cognitive, balance, vestibular and vision testing. Our well renowned speakers discuss how to utilize this information for performance enhancement, concussion reduction and post-data comparison if a concussion or even an orthopedic injury should occur.

This progressive Summit is uniquely interactive before, during and after a highly informative event. In novel ways, valuable attendee and supporter input will help shape program design and maximize on-site educational impact. Summit attendees will be provided a customized educational tool kit which enables them to develop and implement a comprehensive concussion management program that helps those entrusted in their care to:

- Be well informed patients and patient advocates
- Prevent injuries
- Improve health and performance outcomes
- Utilize state-of-the art performance testing to guide post-injury recovery process

Summit participants will be empowered with the knowledge by which they will solidify vital roles as recognized experts and important consultative resources in respective communities they proudly serve!
An Invitation to the Summit

The Summit brings together the most current technologies, products and experts through our sponsor, exhibit and speaker opportunities. These opportunities encourage targeted connections and new discoveries.

The Concussion Health team offers valuable support to sponsors and exhibitors throughout the season leading up to the Summit. We expect 800 to 1000 clinicians to attend the Concussion Health Summit to learn from internationally recognized leaders in the field of concussion management. Our primary objective is to provide all sponsors and exhibitors face-to-face time with attendees through presentation time during Saturday lunch, on-site training stations, monthly webinars and/or sessions in the exhibit hall.

We hope that you will join us!

Sincerely,

Bridgett Wallace, PT, DPT
Co-Founder, Concussion Health
President, 360 Balance & Hearing
Concussion Health Summit Co-Chair

Mark Letendre, ATC
Director of Umpire Medical Services
Office of the Commissioner
