Just some of the
Military Facilities
using Biodex
for Rehabilitation

**Will we be
adding *your*
facility to the list?**

CONTINUING INNOVATION

Biodex Medical Systems, Inc. helps you achieve your clinical goals. For more than 60 years we have worked together, with your input, to develop unique technology to provide superior clinical outcomes.

Balance System™ SD

Static and dynamic balance testing and training – for athletes to older adults.

System 4

Identify, treat and document the physical impairments that cause functional limitations.

FreeStep SAS - Support Ambulation System

Support weak or balance deficient patients without using additional floor space or requiring additional staff.

Gait Trainer™ 3

Bring patients up to speed with the right step length.
